09 June 2026

Dear Parents and Carers,

Relationships & Sex Education Y3/4 & 5/6 Parent Information Session - Thursday 18th June

The purpose of Sex and Relationship Education (SRE) is to provide knowledge and understanding of how the human body changes during puberty and the processes of human reproduction, within the context of relationships based on love and respect. It should develop understanding and attitudes which will help pupils to form relationships in a responsible and healthy manner and to appreciate the value of stable family life.

Each Summer term we cover these themes, and a more detailed letter about the different year group content will be sent to you shortly.

The teaching materials for this topic in Year 4/5/6 include some diagrams of internal and external reproductive organs, and in Year 5/6 we show some simple animations of the fertilisation of an egg in the womb.

You have the right to view the materials, and we recommend that you do so, in order that you can support your child following these lessons.

We will be running an after-school session for adults to share the materials with you. This will not be suitable for children to attend. The session will take place on **Thursday 18th June** in Mapledurham Hall.

- Year 3/4 at 5pm-5:30pm
- Year 5/6 at 5:30pm-6pm

Thank you for your continued support,

Mrs Griffiths
Deputy Headteacher
