Dear Parent/ Guardian,

Your child has recently begun learning a musical instrument during a class In2Music project at their primary school. Learning an instrument develops many skills, including memory and concentration and offers opportunities to play with others in a team. Most importantly of all, it is great fun!

This is just the beginning of their musical journey! If your child would like to continue to learn the instrument beyond the end of the project, they can sign up for small group lessons by registering here. Lessons can take place during the school day or at our local music centres.

- Group lessons cost just £10.50 a lesson
- Instrument hire starts from £27.30 a term
- Recorders, Doods, Toots and Ukuleles are available to buy from our on line shop
- Enter this discount code on your application form to receive 10% off your first term of lessons: IN2MUSIC Please note that this code is only valid for lessons on the instrument that was learnt during the project (or another woodwind instrument if learning recorder)

A discount is available for pupil premium students and may be available for other households in receipt of benefits such as Universal credit or Working Tax credit. Help With Fees

Best Wishes,
Berkshire Music Trust
